

2021 School Bus Service

We are pleased to confirm updated bus routes for 2021.

As with any bus service, buses may be **later** than the times stated in their timetable, due to traffic volumes and roadworks, etc. However, please be assured that they will **not depart** a bus stop **earlier** than the stated time. Please ensure students are waiting at the bus stop in advance of the stated time as the bus cannot wait without causing delays for students waiting at subsequent bus stops.

After school, the teacher on bus duty will start loading students at 3:25pm and each bus will depart school as soon as all students in the bus line are on-board. All 5 buses will usually depart by 3:30pm.

Please note: Parents do not need to notify the school if a student will not be catching their usual bus to or from school. It is the student's responsibility to ensure they are at their morning bus stop prior to the stated pickup time, and that they are in the correct bus line by 3:25pm after school.

Wentworth School App

The Wentworth School App is free to download from the App Store. Once downloaded, you can join any of the listed groups - bus, cultural, and sports - in which your child is involved, and receive automated messages specific to those groups. (There is also an absentee option, which allows you to send the school a message from the App.) If your child is using any of the school buses, please download the App and join the appropriate bus group. This will ensure you receive notifications of any significant timing issues due to vehicle accidents, road works etc.

Cost of School Bus Service

The Wentworth bus service is run on a 'cost recovery' (i.e. non-profit) basis.

Annual Fee (paid by 10 equal Automatic Payments from February to November inclusive)

Zone 1	\$800.00	(\$80 per month)
Zone 2	\$1050.00	(\$105 per month)
